PROFILE SUMMARY

Industrial Information Technology undergraduate at Uva Wellassa University with completed QA internship experience at Sri Lanka Telecom (SLT). Experienced in manual testing, test case design, defect reporting, API testing and UI automation. Focused on applying analytical and problem-solving skills to develop maintainable automation frameworks and improve software reliability. Committed to continuous learning, clear test documentation and effective collaboration to support consistent software quality.

PROFESSIONAL EXPERIENCE

Quality Assurance Intern MAY 2026 – NOV 2026

Sri Lanka Telecom PLC (SLT)

- Designed test cases and conducted functional, regression and exploratory testing.
- Performed API testing using Postman and validated application responses.
- Supported UI automation testing using Playwright and Selenium.
- Documented and tracked software defects using Jira with supporting evidence.
- Prepared test documentation, execution reports and supporting QA evidence.

TECHNICAL SKILLS

Practical and Project Exposure

- **UI Automation:** Playwright, Selenium WebDriver, Cucumber, TestNG, Maven.
- **API Testing:** Postman, REST Assured, HTTP/REST, JSON Validation.
- **CI/CD & Version Control:** Git, GitHub, GitHub Actions, CI/CD Pipelines.
- **QA & Test Management**: Manual Testing, Test Case Design, Jira, Zephyr.
- **Test Reporting & Code Quality:** Allure Reports, SonarQube, SonarScanner.
- **Programming & Databases:** Java, JavaScript, Python, SQL, MySQL, OOP,.

Additional Tool Familiarity

- Performance Testing: Apache JMeter.
- Mobile & Cross-Browser Testing: Appium, BrowserStack.
- Security Testing: OWASP ZAP.
- Web Technologies: HTML, CSS, DOM, Node.js.
- AI-Assisted Test Automation & Development: OpenAI Codex, Antigravity, Claude Code.

Used AI tools to support test case design, develop Playwright/Selenium scripts, assist with API testing and response validation, and investigate test failures. Applied AI assistance to debug execution and configuration issues, troubleshoot automation scripts.

EDUCATION

BSc (Hons) in Industrial Information Technology OCT 2022 – OCT 2026

Uva Wellassa University of Sri Lanka

Relevant Courseworks: Software Quality Assurance, Software Engineering, Object-Oriented Programming, Data Structures and Algorithms, Database Management Systems, Web Application Development, Software Architecture and Design Patterns

SELECTED QA & TECHNICAL PROJECTS

Playwright UI Automation – SLT SDesk & MySLT — OCT 2026

Playwright | Java | TestNG | Maven | Chromium

- Developed UI automation tests for SDesk Incident Transfer workflows (T1, T2, T3) and MySLT browser navigation and form validation.
- Verified application behaviour, investigated automation failures and resolved execution and configuration issues.

Bell Pepper Monitor – BDD Login Automation — OCT 2026

Playwright | Cucumber.js | JavaScript

- Implemented BDD login scenarios covering invalid email formats, empty fields, password masking and login functionality.
- Executed automated scenarios and investigated test failures.

API Test Automation – REST Assured — AUG 2026

REST Assured | Java | TestNG | Maven

- Automated GET, POST, PUT and DELETE tests against the JSONPlaceholder sample API.
- Validated HTTP status codes and JSON response values, with four tests passing.

Data-Driven Login Testing – Selenium — AUG 2026

Selenium WebDriver | Python | Pytest | Excel | openpyxl

- Developed data-driven login tests using Excel inputs and compared expected and actual results.
- Automated login validation and generated PASS/FAIL execution results in Excel.

CI/CD Pipeline Implementation — SEP 2026

GitHub Actions | Git | Automated Testing

- Implemented a GitHub Actions workflow to automate linting, builds, headless Playwright–Cucumber tests and test-report artifact uploads.
- Resolved workflow and browser configuration issues and verified a successful CI run.

Cross-Browser Automation – BrowserStack — OCT 2026

BrowserStack | Selenium RemoteWebDriver | Java | TestNG | Maven

- Executed automated web-form tests across Chrome, Edge and Firefox on Windows 11.
- Validated page titles and submission confirmations across three browser executions.

CERTIFICATIONS

Project Communication and Stakeholder Management — DEC 2025
University of Moratuwa (CODL)

Power BI for Beginners — DEC 2025
Simplilearn SkillUp

Agile Project Management — NOV 2025
